

Welcome To Our Practice!

We want to provide the best dentistry and the best dental care for you and your family. To help you be comfortable with the financing of your dental care we offer the following options. If you have special needs please let us know as we want to do everything we can to help each patient achieve their best dental health.

Financing Options

1. If you pay for the entire cost of your treatment (including the estimated insurance coverage) in full at the time of service with cash or a check we will give you a 5% discount.
2. You may pay with your credit card at the time of service too, but we cannot offer a discount.
3. We can send you a statement monthly. If paid in full by the due date, there is no interest charge. If not paid after 60 days, interest accrues at a 12% APR (which is 1% per month).
4. We can also set up extended payment plans to make immediate care available and to allow you to pay over time so that you can get the care you need now.
 - a. We can set up a short term monthly payment plan in our office
 - b. We can help you with CareCredit financing. CareCredit is a company that finances medical and dental care for patients over a longer period of time.

Please let us know which option fits your needs.

My preferred option is:
